

Sprint Retrospective

- During your retrospective, spend at least 10 minutes talking over:
 - What went well
 - Communication was high
 - We all knew what we were doing, and could work individually on our issues.
 - What didn't go well
 - Scheduling issues/conflicts we weren't able to efficiently work on our own issues due to conflicting project relationships.
 - What specific things you can do to improve
 - Better planning
 - More communication on how specific aspects of the project relate to each other.
 - List the measurement criteria
 - Work done
 - Responsibilities taken
 - Assistance to other issues
 - Assign a percentage to each team member based on your metric specified in this sprint's planning
 - Abbey Allen - 25%
 - Kyle McMullin - 25%
 - Andrew Wilkinson (Scrum Master) - 25%
 - Hamilton Hardy - 25%
